## The Future

As we look at our past to reflect on where we've been and what we've achieved we think of our future and what we will accomplish. Forward thinking in the face of an ever changing world is what CITEC has achieved and what we stand for. Our future is in our people, demonstrated by CITEC's long-standing graduate recruitment program which continues to attract highly qualified graduates.

A close-up portrait of a man in a dark suit and tie, looking slightly to the right. His face is partially obscured by a glowing green binary code (0s and 1s) that appears to be projected or overlaid on him. The background is dark with more binary code visible.

### Communication Objective

In 2005 CITEC marks 40 years in the ICT industry. This business report celebrates the achievements of our past and present and looks forward to our future.

This report provides information about CITEC's financial and non-financial performance for 2004/05. It has been prepared in accordance with the *Financial Administration and Audit Act 1977*.

The report aims to meet the needs of our stakeholders including the Queensland State Government, clients, industry and business associations, community groups and staff.

As well as financial outcomes, the report records the significant achievements of CITEC in terms of corporate governance, operational reports, our people and CITEC in the community.

It covers CITEC as the parent entity as well as the economic entity which includes the consolidated financial statements of CSI Holdings Pty Ltd and Aurion Corporation Pty Ltd.

Feedback on the report is welcome and should be sent to CITEC Marketing, GPO Box 279 Brisbane Qld 4001. Additional copies of the report can be obtained from CITEC at the above address.

To download a copy of this report or for more information about CITEC, visit [www.citec.com.au](http://www.citec.com.au).

## Vision

CITEC's vision is to be a national leader in providing information and communications technology (ICT) services and solutions and to be the premier information solutions provider in Australia.

CITEC's aim is to remain the number one ICT services and solutions provider in Queensland.

## Mission

CITEC's mission is to provide quality bundled ICT services and solutions based on world class infrastructure and technology that support our clients' business systems.

## Values

Integrity

Trust

Community spirit

Leadership

Sustainable profit
